### Professional Summary

To leverage my analytical skills and expertise in data manipulation and visualization to contribute effectively as a Data Analyst. With a passion for uncovering actionable insights and driving data-driven decision-making, I aim to apply my proficiency in SQL, Python, and visualization tools to deliver impactful solutions that drive organizational growth and success.

### Technical Skills

Python Language	Big Query	GTM	Web Scraping
SQL Query	Power-BI	Looker Studio	Selenium
GCP	Data Stream	Excel	ETL

### Professional Experience

**Candere By Kalyan Jewelers**  
**Data Analyst Intern**

**Aug, 2023 - Present**

As a Data Analyst Intern at Candere by Kalyan Jewelers, I have had the opportunity to delve into various aspects of data analysis and manipulation. Here's summary of my key responsibilities and accomplishments during this period:

- Spearheaded the development of customized dashboards catering to diverse team requirements by employing advanced SQL queries, Python scripting, and Looker Studio.
- Utilized Google Cloud Platform (GCP) tools such as BigQuery, Cloud Functions, and Google Cloud Storage (GCS) for data analysis and visualization, ensuring seamless data integration and scalability.
- Collaborated closely with stakeholders to understand and prioritize user needs, resulting in the delivery of actionable insights and recommendations.
- Conducted training sessions to empower colleagues in utilizing data effectively, fostering a culture of data-driven decision-making and innovation within the organization.

### Education & Certifications
